APR - Annual Percentage rate:

- The total yearly cost of the home loan including both interest and most of the fees (Principal, escrows, etc.) spread over the loan's lifecycle.
- Usually expressed in percentage.

Ratios:

- Debt-to-income ratio (DTI):
 - measures the amount of income a person generates in order to pay their debt.
 - The lower the DTI ratio means risk involved is also less and vice versa
 - **Formula: (Total monthly debt payments/Gross monthly income) X 100.**
 - If DTI is < 50, the risk is considered lower and if it is >50, risk is considered higher.
- Loan-to-value ratio:
 - How much of the property's value is being loaned or borrowed.
 - **Formula: (Loan amount/Property Value) X 100.**
 - Lower the LTV; risk involved is lower and vice versa.
 - If LTV is < 80, the risk is considered lower and if it is >80, risk is considered higher.

Amortization:

- A schedule that depicts the process of paying out the mortgage through regular principal and interest payments over time.

Mortgage/loan lifecycle:

 - It is done manually with the docs provided.
- **Automated underwriting system (AUS)**
 - A systematic way of underwriting a loan without a human's guidance.
 - It uses different algorithms to make decisions quicker and less prone to errors.

When all three credit reports are available it is called tri-merge credit report and if there is only two reports available then it will be called as bi-merged credit report and if only one is available softqual credit report.

The infographic has a dark grey background with white text. It starts with a definition of a credit report, followed by a breakdown section with a star icon and a list of the three major U.S. credit bureaus.

A **credit report** is a detailed record of your credit history. It shows how you've handled **loans, credit cards, payments, and debts** over time. Lenders, landlords, and sometimes employers use your credit report to evaluate your financial reliability.

Here's a simple, clear breakdown:

★ **What Is a Credit Report?**

A credit report is a **financial profile** created by the three major U.S. credit bureaus:

- Equifax

We do not see this if it is Conventional or NAF 2nd

refers to the process where the liability or the debt owed is pursued by a collection agency. In FHA loans, if the accumulative balance of the collection account of one is more than 2000, 5% of the collection account is required to be paid, or the collection account should be indicated as paid off. (Cumulative total does not include the medical account)

and VA's there is no limit, but we will need either payment or the paid to be marked Yes

Disputed accounts have incorrect information listed; it is a document where the details are inaccurate or incorrect and in such cases, one can challenge the credit bureaus to get that corrected.

In FHA loans, if the accumulated balance of the disputes is over \$1000, we must remove the disputes from credit report or we would need manual underwriting approval.

In VA loans, 5% of the dispute account is required to be paid, or the dispute account should be indicated as paid off. (Cumulative total does not include the medical account)

Appraisal refers to the process of determining a property's value, in which a qualified professional known as an **appraiser** examines and assesses the property.

There are two types of appraisals we order for a property:

When there is no appraisal required, a Property Inspection Waiver is needed.

When the AUS accepts the value of the property (Except TX state for cash-out refi), a PIW is issued and there is no need for an appraiser to evaluate the property. If not, an appraisal has to be ordered.

APPRAISAL CODES:

When ordering a full traditional appraisal

- For single family property, the code will be **Form 1004** or can also be indicated by **Form 70(D)**. This form is used for PUD as well. (If expired, LO can update the Appraisal to extend up to 1 year using the product called **1004 D**)

Streamlines and IRRRLs Quick Look up:

Streamline - It's a faster, easier way to lower your mortgage rate or change your loan terms, usually for people who have a good payment history and are refinancing with the same lender.

VA IRRRLs (Interest Rate Reduction Refinance Loan) - An **IRRRL** is a special loan for veterans to **refinance** their home loan. It helps them get a **lower interest rate** and save money on their monthly payments. The best part is, it's easier and quicker to apply for because you don't need a new home appraisal or a lot of paperwork. Basically, it's a simple way for veterans to lower their mortgage costs.

Types of Streamlines & IRRRLs:

- FHA Streamline (Credit Qualifying)
- FHA Streamline (NON - Credit Qualifying)
- FHA Streamline NAF - NAF (NCQ)
- VA IRRRLs NAF - NAF (NCQ)
- VA IRRRL Fixed - (CQ) & (NCQ)

Points to be remembered:

1. On Non-Credit Qualifying Streamlines we would only have Mortgage Check instead of a Credit Report.
2. **MORTGAGE NOTE** - If the current mortgage closing date is greater than or equal to 12 months and we are able to complete the case doc request. *(NOTE - IF THE CASE TEAM STILL ASKS FOR IT WE NEED TO GET IT, EVEN WE HAVE 12 MONTHS OR EQUAL TO 12 MONTHS MORTGAGE REPORTED IN CREDIT REPORT)*

5. No appraisal is needed.
6. No need to request for Condo Docs.
7. **We have to order Title/Escrow with ESS if its disclosed with ESS.**

- **Title/Closing agent:** Title orders should be placed manually via email and no orders should be made through Encompass.
- **Buyer Attorney**
- **Seller Attorney**

Terminologies we find or look out for in Purchase contract:

- **Purchase or Sales price.**
- **COE Date (Close of Escrow):** also called Closing Date or Settlement Date—is the date on which the real estate transaction is legally completed and ownership transfers from seller to buyer.
- **Loan Contingency Date:** is the deadline in a real estate purchase contract by which the buyer must either secure loan approval or remove the loan contingency.
- **Earnest Money Deposit:** is the deposit where a home buyer or borrower pays early in the property purchase to show that they are interested and serious about buying the property. Mostly, these payments are given in checks and those checks are called EMD checks.
- **Appraisal Contingency Date:** It is the deadline where the buyer must complete the appraisal related conditions in the purchase contract.

Addendum and Counteroffers:	<u>An addendum</u> is an extra piece of info changed or added to the purchase contract. Any update on the file will be added to the addendum. The new addendum changed is to be signed by both buyer and seller. This is a document which can be used without rewriting the whole contract.	Needed when purchase price is mismatch between the contract or ENC
	<u>A Counteroffer</u> is a response to an original offer where one party changes one or more terms instead of accepting the offer exactly as presented.	COE can be trailed if it is just for COE mismatch with a LO explanation and if it is for Sale price, we need the doc or VP's approval to proceed further.
Clause :	A <u>clause in a purchase agreement</u> is a specific section or provision in the contract that defines the rights, obligations, conditions, or protections for the buyer and seller in a real estate transaction.	
	<u>FHA Amendatory Clause:</u>	
	<u>VA Escape Clause:</u>	

- **New Builds** are properties that are under construction (75% of the building is constructed) and Appraisal can be skipped from ordering if we have VP appraisal. (Mostly we will hold from ordering Appraisal) - Have to check in ENC or Property Profile if not mentioned in the
- **FSBO** stands for **For Sale By Owner** and in this transaction the buyer and the seller will help themselves without the help of Buyer agent (Selling Firm) and Seller agent (Listing Firm)

- Buyer
- Listing Firm

- Title/Escrow company (If not available in document, it will be in LO confirmation Log)

Tuesday, May 26, 2026 10:55 AM

In a DPA file, we will have 2 loans.

First loan is to make the purchase of the property and the second loan is get the down payment.

Check if there is additional Mortgage is listed for the Property in URLA Part - 4.

If yes, it is considered DPA loan program. Add the second loan number in the First loan's Conlog

Open the second loan and see if the first loan is linked in URLA Part - 4 and add a ConLog with the first loan number.

Upload the Property Profile and Purchase Contract in the second loan file and ConLog.

Check if the credit report available in both the loan file is the same, if yes, we should stack it.

Copy and paste the Title, Escrow, Buyer and Seller Agent information from first loan.

We don't need disclosure, we just need it sent to the borrower.

First loans will always be either

- FHA DPA,
- Pathway National or
- Chenoa - No lock is required or given to this loan program - We need to order Flood Cert through CoreLogic

DPA Loans Quick Reference:

USDA - United States Department of Agriculture

Friday, May 29, 2026 7:57 AM

Rural areas of the US where they have low to moderate level of income.

USDA loans follow a strict guidelines.

Purchase

Refinance

Streamline Refinance

Streamline Assist Refinance

There are three types of Refinance Loans that we come across under USDA:

☐ Refinance

☐ Streamline Refinance

☐ Streamline Assist Refinance

INCOME REQUIREMENTS:

☐ Income documentation required for ALL household occupants / members aged 18 years and over and NOT just borrowers to the loan.

☐ Need 2 Year Employment History to be provided.

☐ Need 2-Years of Tax Transcripts to be Ordered for ALL the borrowers that are in the file.

Type of Employment	Income Documentation Needed
W2/Salaried Borrowers	Need paystubs which covers 30 days, 2 Years of W2, LOE if Job Gap over 30 Days(Can Trail)
Self Employed Borrowers	2 Years of Personal Tax Returns(1040s)
SSA/Pension/Disability Benefits	Need Award Letter or 1099-R/SSA-1099, Can be Grossed Up to 25%

CREDIT REQUIREMENTS:

- ☐ Need Bi-Merged or Tri-Merged Report in File.
- ☐ Need NBS Credit Report for properties in Community Property States.
- ☐ If GUS is Refer, Need LOE from the borrower for Derogatory Tradelines.

ASSET REQUIREMENTS:

- ☐ Need 2 Month Assets Statements for All Household Occupants over the age of 18 as to ensure if the households meets the income eligibility requirements. In simple words, it helps to assess the entire household's financial situation.
- ☐ Gift Funds are Allowed.

APPRAISAL REQUIREMENTS:

☐ Non-Streamlined Refinance: New Appraisal Required.

☐ Streamline/Streamline-Assist Refinance: **No Appraisal Required Unless they are USDA Direct Borrowers who receive a subsidy (Need to check with the mortgage statement)**

The key item to look for would be a line item that explicitly mentions a subsidy or assistance from the USDA, which would reduce the total amount the borrower has to pay.

Here is a sample of how that might be represented on a statement:

Payment Breakdown

Principal:	\$550.00
Interest:	\$450.00
Escrow (Taxes/Insurance):	\$250.00

Subtotal:	\$1250.00

USDA Payment Assistance:	-\$150.00
--------------------------	-----------

Total Payment Due:	\$1100.00
--------------------	-----------

In this example, the "USDA Payment Assistance" of \$150.00 is a credit that reduces the borrower's total monthly mortgage payment. This is the kind of entry you would look for on a statement for a Section 502 Direct loan.

☐ USDA Appraisals are needed to be ordered by the PA.

ADDITIONAL DOCS NEEDED:

☐ Need Completed and Signed USDA Household Occupant Disclosure that includes the name, age, and sources of income for ALL Household Occupants including the borrower.

☐ Fully Executed 'Request for Single Family Housing Loan Guarantee(Form 3555-21)'.

☐ Need 2 Months of Asset Statements of All Non-Borrowing Household Occupants over the age of 18.

☐ Need income documents for all non - borrowing household occupants over the age of 18. If they are not receiving any income ,we need a LOE with the signature of the non borrowing household occupant stating they are not receiving any income.

☐ Need 2-Years of Tax Transcripts to be Ordered for ALL the borrowers that are in the file.

PAL - Pre Approval Loans.

Monday, June 1, 2026 8:13 AM

PAL loans are originated only on Purchase transactions.

It requires minimal documentation such as even if there is assets mentioned in URLA Part - 3, we do need asset documentation.

These PALs will always be in Started Milestone and we will need to work the PREQUAL Status.

We as PAs can work on PALs only when the PREQUAL Status is 'Requested' or Resubmitted to

Subject Property address should always be TBD and we do not need to pull property profile.

Only one recent paystub and W-2 is sufficient to back the income submitted in file.

If the property listed as Condo/PUD, we have to check Proposed Monthly payment for Property.

We have to check if the estimated closing costs is filled under the section L4.

L4. Qualifying the Borrower - Minimum Required Funds or Cash Back			
DUE FROM BORROWER(S)			
A. Sales Contract Price		\$	170,000.00
B. Improvements, Renovations, and Repairs		\$	
C. Land (if acquired separately)		\$	
D. For Refinance: Balance of Mortgage Loans on the Property to be paid off in the Transaction (See Table 3a. Property You Own)		\$	
E. Credit Cards and Other Debts Paid Off (See Table 2c. Liabilities - Credit Cards, Other Debts, and Leases that You Owe)		\$	
F. Borrower Closing Costs (including Prepaid and Initial Escrow Payments)			
Estimated prepaid items			2,024.37
Estimated closing costs			5,837.75
MIP, PMI, Funding Fee		\$	10,732.99
G. Discount Points		\$	
H. TOTAL DUE FROM BORROWER(s) (Total of A thru G)		\$	180,732.99

No need to pull 411, we just need a recent paystub, recent w-2 and income calculator.

No need to follow Collection/Dispute guidelines on PALs

If both MS and Insurance are missing, we can trail with SM's approval.

To order WVOE on PALs after UW's request or approval, we need the BA and without it, we should not order WVOE.

As soon as the file is marked as 'At Risk', we will need to change the file as 'Not Ready for Submission' and add ConLog.

The screenshot displays a complex software interface for loan processing. It features multiple tabs and sections for data entry. Key sections include:

 - o Alternate documentation - These include 1099 documents, 24 months of bank statements, Asset Utilization (usage of liquid assets), DSCR (Debt Service Coverage Ratio - using investment properties cashflow), ITIN (Individual Tax Payer Identification Number - for non-citizen US loans)

Contractual Employees/Seasonal employees are given 1099 NEC (Non-Employee Compensation) as they will only work for set duration or for a specific task/job.

If they get paystubs during their contractual work duration, we need the paystub and 1099 NEC.

If they do not get a paystub, we will need 1099 NEC and 1040s.
